

Fundraising sweepstake

How to play

First of all choose your topic – it could be a sporting tournament, baby names or even your favourite confectionery.

- Print the sheet out once and ask participants to write their choice down along with their name. Cut up all the squares and pull a winning choice out of a hat;

Or

- Write your own choice selection on both sheets. Cut out the squares and ask your participant to draw out a choice and make a note of it. Cut out the squares on your second sheet and draw out a winner.

Don't forget to ask guests for a small donation to take part (we suggest £2) and then the winner can keep half the prize money and the remaining half is donated to Mind.
